

# 1. General Information

Click on the titles below to see the detailed information.

Expand all

## Important Dates

The University of Birmingham academic year is organised around three terms, commonly referred to as Autumn Term, Spring Term, and Summer Term.

The dates of each term in the coming year, including the timing for examinations, can be found online.

Term Dates: <https://www.birmingham.ac.uk/undergraduate/courses/academicyear.aspx>

## Student Email

You will receive your username when you are asked to complete online registration. Your email address will be **username@student.bham.ac.uk** (for example, if your username is ABC123, your email address will be **ABC123@student.bham.ac.uk**). You can access your student email account through the MyUoB app (via your phone, or online at the **MyUoB Intranet page** ).

## MyUoB App

The official app for the University of Birmingham brings together key services and resources. The MyUoB is available now for Undergraduate and Taught Postgraduate students.

The following features are available:

- View your personal timetable at a glance (from the start of semester one)
- Find and request library resources
- Access up-to-date module information
- View your emails and calendar
- Get the latest news updates
- Use the map to navigate around campus

Get the MyUoB App: <https://intranet.birmingham.ac.uk/student/myuob> ➞

## Student Intranet

The Student Intranet is an important source of information that will help keep you up to date. Here you will find information about campus facilities, wellbeing support, student administration and much more.

Student Intranet: <https://intranet.birmingham.ac.uk/student> ➞

## Canvas

Canvas is the University's Virtual Learning Environment (VLE). You may use it to access course materials, complete and submit assignments, and view lecture recordings. Your Department, School and / or College may also use it to send you important notifications about your studies, so please ensure you check it regularly. Canvas can be accessed on the **[Canvas webpage](#)**.

## Contact Information

Throughout your programme you will be provided with important information via Canvas and email. You must check both Canvas and your University email address regularly.

### Change of Personal Details

If there are any changes to your personal details, including your Home or University address, please promptly update this information. You can find information on how to **update your Personal Details** , as well as other online support, on our '**Student Help**' **webpages** .

## Education Support Office (ESO)

The Education Support Office (ESO) can help you with a wide variety of study-related matters, from module choices and programme queries to arranging graduation.

The ESO is open Monday to Friday from 09:00-17:00 UK time. The ESO is located on the Upper Ground floor of the Computer Science Building on the right as you walk in to the Atrium (Room UG44, Building Y9 on the Campus Map).

You can email the ESO when you have a query or need advice:

If you are an Undergraduate student, please email **ug-cs@contacts.bham.ac.uk**.

If you are a Postgraduate Taught (MSc) student, please email **msc-cs@contacts.bham.ac.uk**.

### Meet the team

- Education Support Team Manager – Eden Whitehead
- Education Support Team Manager – Sinéad Cross
- Senior Education Support Administrator – Charlie Lockwood
- Senior Education Support Administrator – Mat Sturmey
- Senior Education Support Administrator - Ellicia Schacht
- Education Support Administrator (UG) – Darrie Sewell
- Education Support Administrator (UG) - Fred Gallagher
- Education Support Administrator (PGT) – Raj Gill

## Timetables

You can access your timetable for the forthcoming academic session via the **MyUoB App** . The Education Support Office will be able to help you with any queries about the content of your timetable, such as the modules you have been assigned to. Technical issues with accessing your timetable should be directed to the **IT Service Desk** .

### Campus Map

University of Birmingham Campus Map has been designed to help students, staff and visitors find their way around the Edgbaston and Selly Oak campuses. It's features include building-to-building navigation, study space locations and availability, opening times for shops and services, and other real-time travel information.

Campus Map: <https://campusmap.bham.ac.uk>

### Room Locations

The table below shows the locations for rooms that are common used for lectures, seminars and laboratories.

| Building                         | Room Name                                                                                                                                                                                                                            |
|----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>52 Pritchatts Road</u></b> | <ul style="list-style-type: none"> <li>• <b><u>SG19 Computer Cluster</u></b> </li> </ul>                                                                                                                                             |

## Timetables (Dubai) +

You can access your timetable for the forthcoming academic session via the **MyUoB App** ➞. Your Student and Programme Administration Office will be able to help you with any queries about the content of your timetable, such as the modules you have been assigned to. Technical issues with accessing your timetable should be directed to the **IT Service Desk**. ➞

## Teaching Day and Week +

The standard University teaching week is:

- Monday: 09:00-19:00
- Tuesday: 09:00-19:00
- Wednesday: 09:00-13:00
- Thursday: 09:00-19:00
- Friday: 09:00-18:00

You may have teaching at any time during these periods. Please remember that teaching may take place outside of the standard teaching day if the use of the campus or resources requires it.

For Undergraduate students, the summer period is commonly considered to be a holiday.

For Taught Postgraduate students, the summer period is considered as term time, during which you are expected to engage with your dissertation.

Academic Year Dates: <https://www.birmingham.ac.uk/undergraduate/courses/academicyear.aspx> 

## Teaching Day and Week (Dubai)

The standard University teaching week is:

- Monday: 08:00-18:00
- Tuesday: 08:00-18:00
- Wednesday: 08:00-18:00
- Thursday: 08:00-18:00
- Friday 08:00-12:00

Please be aware, Postgraduate classes are likely to be held on evenings (17:00-22:00) and/or weekends.

You may have teaching at any time during these periods; teaching events will appear on your timetable. Some Programmes do not follow the standard teaching day or may see some amendments due to unforeseen events. Continuous information on your

Programme's timetable will be circulated in a timely manner by the relevant Academic teams and the Student and Programme Administration Office.

## Computer Science Study Spaces

There are a wide range of study spaces on campus that are open to all students. Each of these spaces has its own characteristics - some are small and quiet, others are larger and busier. You can explore the options available on the Study Spaces Booking webpage.

- Sloman Lounge: A large space on the ground floor of the School of Computer Science, furnished with individual work desks, sofas, and group meeting tables, as well as small collection of reference books.
- CS Meeting Rooms: The School of Computer Science has three meeting rooms located in the Sloman Lounge. If these rooms are empty and there are no staff bookings, these rooms can be used.
- CS Labs: There are several labs in the Computer Science building on the Upper and Lower Ground floors and these are dedicated to Computer Science students only, accessible via your Student ID swipe card. If there is no teaching timetabled in the lab, it is free for use. The lab timetable is posted on the door to the each lab showing availability.

## Staff List

The School of Computer Science has a dedicated team of Academic and Professional Services staff.

Details of Academic Staff can be accessed via this page: [\*\*Academic Staff\*\*](#).

You can also find the key Administrative Contacts in the School here: [\*\*Administrative Contacts\*\*](#).

## Office Hours

All members of academic staff who're teaching have office hours when they will be available. You can view the office hours and office location of each staff member via the [\*\*Academic Staff\*\*](#) page.

If you are unable to see an academic staff member because their office hours conflict with your timetable, you can email them to arrange an appointment.

You are strongly encouraged to take advantage of office hours. As well as providing you with the opportunity to discuss lecture and assignment material, office hours give academic staff feedback on how modules are progressing. You may also visit an academic staff member during their office hours for feedback on assessed work.

You can find out more about the research of Computer Science staff members via the University intranet:

<https://www.birmingham.ac.uk/schools/computer-science/people/index.aspx> ➞

## Academic Engagement 2025/2026

Your attendance at all timetabled sessions is very important and can affect your learning experience. If you're starting to miss attendance, support staff may get in touch to check if you need any support for issues or welfare reasons.

MyAttendance is a system that will be used to monitor attendance of in-person teaching throughout the year and it is important to register your attendance at taught sessions. Please visit the **[MyAttendance Intranet Page](#)** ➞ for guidance on how to register your attendance. If your absence impacts your ability to complete and submit assessments, then it is important to register this via the extensions or extenuating circumstances process, whichever is most relevant. You can find information about these processes on the **[EPS Wellbeing Canvas Page](#)**. In most instances, you will likely be able to catch up on content via Canvas materials, however, in-person attendance is still mandatory, and Canvas materials should only be relied on instances of illness or other exceptional circumstances. If you have any concerns around what you've missed in these instances, then do please contact the module lead by email and use their drop-in hours.

### If you encounter problems with the MyAttendance App

When you are using the MyAttendance app to record your attendance at teaching sessions then you may encounter situations where, for one reason or another, you cannot access the app or record your attendance. If you encounter any problems with the app that mean you cannot record your attendance, then please contact the University's IT Service via the **[IT Service Desk](#)** ➞

Please also view our **[FAQs page](#)** ➞ for further information.

## Absence Reporting

There are three types of absences, unauthorised, authorised and leave of absence.

- Unauthorised Absences whereby you are encouraged to catch up with missed work, these do not need to be reported.
- Authorised Absences are for Student Route Visa holders only, who need an approved period off campus. These can be for up to 4 weeks. If you are on an Authorised Absence your attendance will not be monitored, and you can still engage online. More information [here](#).  This does not apply to home students.
- Leave of Absences are for all students and is a pause in your studies. A Leave of absence should be applied for if you believe your absence will be for four weeks or more. For more information on the Leave of Absence process, please visit the University's [Leave of Absence Intranet page](#) .

Any concerns regarding your ability to attend class, please contact your Wellbeing Officer, whose contact information can be found on the [EPS Wellbeing Canvas Page](#).

## Student Visa Holders

As part of its Home Office Student Sponsor licence duties, the University of Birmingham is required to monitor the academic engagement of any students who hold a student route visa. This means that the University has a legal duty to withdraw immigration sponsorship of the student by reporting to the Home Office students who do not engage with their studies as expected.

If you have any concerns about your visa or immigration status you are advised to contact the [International Student Team \(IST\)](#) . If you have questions about your attendance requirements, you should contact your Education Support Office.

Examples of the way in which student engagement may be monitored include, but are not restricted to:

- Attending required lectures, seminars, tutorials and examinations
- Submitting essays, assignments
- Undertaking required laboratory work
- Undertaking research or fieldwork
- Completing monthly GRS2 forms
- Completion of the online right to study process

## Official Document and Certificates

The following documents listed can be requested through the Verify secure documents website:

- Bank letters (to confirm student status when setting up a student bank account)
- Council tax letters (to confirm student status when requesting a council tax reduction)
- General proof of registration letters

If you require a different letter, you can find more information on the Student Hub. You might like to contact the Secure Documents Team via [securedocuments@contacts.bham.ac.uk](mailto:securedocuments@contacts.bham.ac.uk).

Verify Secure Documents: <https://verify.bham.ac.uk>

Official Student Documents: <https://intranet.birmingham.ac.uk/student/student-hub/solution.aspx?nodeId=263>

## Withdrawals

If you are considering temporarily or permanently withdrawing from the University, you must arrange to see the Senior Tutor, Ian Batten or Todd Ambridge. After speaking with the Senior Tutor, Ian Batten or Todd Ambridge. After making your decision, you will be required to complete the relevant paperwork.

## Libraries and Learning Resources

Libraries at the University of Birmingham provide an enormous range of journals and books, both print and electronic, alongside a vast array of databases encompassing all subject areas. A full range of academic and digital skills training is available via the Academic Skills Centre (see section 5). For more information about Libraries please see the [Libraries' webpages](#) , where you will find details of [services and support aimed at staff and students with disabilities](#) , amongst various other useful information.

To search the Library catalogue, use: [findit.bham.ac.uk](https://findit.bham.ac.uk).

To find resource lists for your modules, please visit the [Resource Lists page](#) .

## Study Spaces

Libraries and Learning Resources also manages and supports a wide variety of study and teaching spaces, including the flagship Teaching and Learning Building. There are a wide range of study spaces on campus that are open to all students. Each of these spaces has its own characteristics - some are small and quiet, others are larger and busier. You can explore the different options available on the [Study Spaces Intranet page](#) .

## IT Service Desk

The IT Service Desk is your first point of contact for IT-related queries. You can explore their helpful knowledgebase for answers to a wide range of queries and report any faults using their [Online Portal](#) .

You can also use their Live Chat, visit them in the Main Library, or contact them by phone on 0121 414 7171.

## Microsoft 365

Microsoft 365 is a cloud-based platform that offers a range of different integrated applications and tools which are available to install on multiple devices including PCs, Macs, tablets, and phones. The tools are designed to help us create, communicate and collaborate more effectively.

It brings together the Microsoft Office tools you're used to, like Word, Excel, PowerPoint and Outlook, and adds Cloud storage and new collaborative tools such as group messaging, video calling and document sharing to connect our University community together.

As a student at the University of Birmingham you can download and use Microsoft 365 for free. Your access to Microsoft 365 will be available for the duration of your studies at the University. Please visit the [Microsoft 365 page](#)  for more information.

## Wi-Fi, Printing and Photocopying

Wi-Fi access is available across campus via the 'Eduroam' network. For information on this network, including how to connect to this network, please visit the [relevant knowledgebase article on the IT Service Desk](#) .

## Printing and Photocopying

You can print, scan and photocopy on any multifunctional device across campus using your student ID card, through the **University's Managed Print Service**. ➞

## Health and Safety, Community Safety and Security

The University of Birmingham is committed to providing and maintaining a healthy and safe working environment for all its students. For more information please visit the University of Birmingham **Health and Safety Internet page** ➞.

### Community Safety and Security

Safety and security is an important aspect of University life and the teams from Community Safety and Security are dedicated to keeping you safe on campus. They aim to put prevention first, are here to offer support and advice to help you stay safe and provide visible patrols and monitor campus to provide reassurance at all times.

The **Community Safety Team** ➞ is here to keep you safe on campus. They do this in many ways - patrolling the grounds, following up reports from students and staff, and through their new drop-in service at the Community Safety Hub.

The **Security Team** ➞ offers expert help, support, and advice, 24 hours a day, all year round. They are here for everyone – students, staff and local residents - and work to keep you safe in many ways, from responding to situations and patrolling campus, to managing vehicle barriers and planning for emergencies. You can find them at the rear of the Aston Webb Building in B Block courtyard, next to the Great Hall, just off Ring Road South.

**To get immediate help in an emergency**, call Security Services on **0121 414 4444** and call the police on **999**.

To report a non-emergency crime, (e.g. a theft), call Security Services on 0121 414 3000. You should also report it to the police: call 101, or **report online** ➞.

You can also download the **SafeZone App** ➞. Any student or staff member can use the app to get assistance on campus. The app will directly connect you to the appropriate Campus Safety and Security team member or first responder for that area, who will provide the assistance you need.

Further information can be found on the **Community Safety and Security page** ➞.. Student Services also offer great advice on staying safe on their **staying safe Intranet page** ➞.
